LINDSAY LAKE FARMS

EST. 2019

Welcome to Lindsay Lake Farms in Nova Scotia, where the beauty of nature and the spirit of authentic farming converge. We, the Teerling family, proudly own and operate Lindsay Lake Farms.

We are a German family who have been into forestry, farming, butchering and catering all of our lives. It was a dream for us to live on a farm in Canada; with Lindsay Lake Farms, we found the perfect spot to do so. In 2019 we moved with our two children Ian and Cedric from Germany to Canada. We're delighted to providing you with the opportunity to stay on our farm property and immerse yourself in the rhythm of life on our land.

Discover our authentic farming values

At Lindsay Lake Farms, we pride ourselves on our commitment to sustainable and ethical farming practices. As campers, you'll have the unique opportunity to witness and participate in the daily operations that support our farm-to-table philosophy. From raising animals to cultivating the land, every step reflects our dedication to quality and integrity.
