

Farm Skills Day - The Bison Way

A one-day, hands-on experience on a working farm designed for those who want to step out of comfort and into real capability.

Strength. Endurance. Skills.

Who this is for:

This day is designed for young men who are ready to:

- learn practical, real-world skills
- work with their hands
- take responsibility
- experience what it means to contribute

No prior experience is required but a willingness to step up is.

The Bison Way

At Lindsay Lake Farms, we believe that strength is not loud. It is steady, grounded, and aware of what is around it. Working near bison teaches something fundamental. You do not control everything but you are responsible for how you show up. This day is built around that principle.

What you will experience

Throughout the day, you will be guided through a series of hands-on activities on a real working farm.

You will:

- take part in daily farm tasks
- work outdoors in changing conditions
- learn basic practical skills
- engage with land, animals, and tools
- experience physical work and responsibility

Farm Skills Day - The Bison Way

Details
