THE FOUNDERS' CLUB

A CIRCLE FOR THE CONNECTED, THE VISIONARY, AND THE GROUNDED.

The Founders' Club is a circle of like-minded people who share a love for authentic living, real food, and meaningful connection with nature.

It's a space for visionaries, creators, and nature lovers to connect, exchange ideas, and celebrate what truly matters.

Like a country club for the soul.

LINDSAY LAKE FARMS

In the heart of Nova Scotia, in the Musquodoboit Valley lies Lindsay Lake Farms – a working farm with 2,000 acres of forests, fields, and a private lake where time seems to slow down.

A place where friends, family and guests come together over good food, laughter, and shared stories.

THE VISION

The Founders' Club is an invitation to return to connection, to authenticity, to nature. It's a circle of people who believe that values like kindness, respect, gratitude, and integrity still matter. We gather not only to experience the land but to honor it. We share food, ideas, and stories that remind us that a meaningful life is built on simplicity, community, and care.

A place to belong.

A place to breathe.

A place to connect.

Tradition & Values

Every membership helps preserve 2,000 acres of wilderness and farmland in Nova Scotia. It supports sustainable forestry & farming, and a way of life built on purpose, not profit. You help ensure that the next generation can still taste food grown with care, raised with respect, and rooted in the values that built this land.

It's about standing for something that matters.
